Today, 25/11/2014, marks one month since the political crisis in Somalia took place. It is with regret that the federal government institutions continue to be engulfed by political and institutional deadlock caused by inability to find a resolution to end the current political impasse. Thus, having seen the press release from the Office of the Speaker of the House of the People and the Office of the Prime Minister and giving full consideration of the current crisis, our CAUCUS (see attached for the list) proposes the following:-

1. Call for cessation of all hostilities related to the current crisis.
2. Call for immediate negotiation between the stakeholders including the president, prime minister and the parliament that will result in a win/win solution.
3. Formation of inclusive political environment which could lead to the creation of productive work environment.
4. Considering the fact that the national federal institutions were unable to resolve this crisis, we strongly feel the urgency of immediate assistance from our **international partners** to facilitate a negotiated settlement for the current impasse.

We conclude by underscoring that we support dialogue and reconciliation in order to end the cyclical habit of settling disputes in a manner that is not in the interest of Somalia and its people.

Hon. Abdi Ahmed Dhuxulow

Chairman of the Parliamentary Caucus
